AI FOR HEALTHCARE

PROFESSIONAL UPSKILLING PROGRAM

🚀 **Transform Your Practice with Artificial Intelligence** 🚀

🎓 BEGINNER	💼 ADVANCED	🏆 EXPERT
4 DAYS • 32 HOURS	**7 DAYS • 56 HOURS**	**10 DAYS • 80 HOURS**

BEGINNER — Practitioners Package

👥 **WHO:**
Students • Healthcare professionals • No prior experience needed

📑 **YOU'LL LEARN:**
- Healthcare data & AI basics
- Python programming
- Machine learning models
- Medical image AI
- LLMs & RAG systems
- Ethics & regulations
- Digital transformation

⭐ **FEATURES:**
✓ Live demos
✓ Course access
✓ Certificate
✓ Device not Mandatory

ADVANCED — Experts Package

👥 **WHO:**
Post Graduates • Pathologists • Diabetologists • Ophthalmologists

📑 **YOU'LL MASTER:**
- Build AI models
- Medical imaging AI
- Signal processing
- Healthcare LLMs
- Specialty applications
- Model deployment
- Production systems

⭐ **FEATURES:**
✓ Hands-on coding
✓ Milestone project
✓ 3 months access
✓ Bring Your Own Device

EXPERT — AI Consultants Package "Radiologists Package"

👥 **Tailored for:**
Radiologists • AI Consultants • Healthcare Tech Leaders

📑 **YOU'LL ACHIEVE:**
- 3D imaging (CT/MRI)
- Video & ultrasound AI
- Advanced LLMs
- FHIR integration
- SAMD mastery
- Product building
- Consultancy skills

⭐ **FEATURES:**
✓ Capstone project
✓ Live projects
✓ 6 months + updates
✓ Bring Your Own Device
✓ Industry network

📊 **QUICK COMPARISON**

	🗨 BEGINNER	🗂 ADVANCED	⌛ EXPERT
Duration	4 Days	7 Days	10 Days
Total Hours	32 Hours	56 Hours	80 Hours
Projects	Demo	Milestone	Capstone + Live
Access	Course Period	3 Months	6 Months
Prerequisites	None	Beginner	Advanced

Starts: April 18ᵗʰ (Tentative)

	BEGINNER	ADVANCED	EXPERT
Time	9 am to 6 PM	+ 1 month project	+ 3 months project
Product Building	-	Yes	Yes
Dataset	Open-source dataset	Live dataset	+ self-dataset
Device: Laptop	Not Mandatory	Mandatory	Mandatory
Seats	Limited	Limited	Limited

EXPERT INSTRUCTION

Dr. Ramanan R. K.
MBBS., MMST (IIT Kharagpur)

Founder CEO at Centre for Research and Innovation in Health Tech. The Physician practising engineering. Expert in R&D in Health Tech, Building Medical devices, Medical Robotics, SAMDs, Healthcare Big Data, and AI assisted Healthcare products. Dr. Ramanan bridges the critical gap between medical necessity and technical engineering architecture to create scalable clinical solutions.

Dr. Sudarsun
M.Tech., PhD (IIT Madras)

Chief AI Scientist at BUDDI AI. Dr. Sudarsun is an AI R&D leader with 20+ years of experience in predictive modeling and Natural Language Processing. A veteran practitioner with several patents, he holds a PhD from IIT Madras. His work focuses on building verifiable AI systems, healthcare automation, and labor market intelligence.
